

SLA President's Message by Doug Pacas

"Change".

It's been said that the only constant in life is change.

It's true in our personal lives...where we live...the choices we make...our relationships. Everything changes.

As I write this article, these "changes" in particular come to mind.

Your HOA Board is Changing (and yes, we need you!)

We had a good meeting with interested owners earlier this month about the significant turnover in our HOA board going into 2026. As we now begin to have conversations with those who indicated an interest to serve, we notice there are still "gaps" in our filling a complete board. The investment in time it takes to serve on our HOA is minimal, but the return on the investment (deeper neighbor relations, making decisions to benefit all the residents) is so much more. If you are still on the fence about possibly serving, reach out to call/email/text. There's a place for you in serving this amazing subdivision, and the need is real. Don't miss out on the blessing!

The Image of our Subdivision is Changing (in a good way!)

Earlier this year, our owners voted on a new logo for Lake Sherwood Acres. Since that time, your HOA has been working to implement these new graphics through updated signage. New signs are being produced for the four arched entrances, and will be installed around the first of the year. A new sign for the club is also being produced. A 2026 project to refresh the brick entrance and signage at the Sherwood Forest entrances at Lake Sherwood North and Lake Sherwood South is being offered to the owners as part of the 2026 budget proposal. Bottom line: We want our residents to be proud of the way this subdivision represents itself to our greater community.

Our Preliminary 2026 Budget and Dues are Changing (but not by much!)

Your HOA is working to keep our costs down in 2026. The preliminary 2026 budget is being offered to our owners at a modest \$13 increase annually for off lake lots, and \$39 increase annually for lake owners. This budget includes escrowing \$2000 annually to fund a lake "mini dredge" effort every three years. The earlier-mentioned refresh on the Lake Sherwood North and South entrances is being proposed as a project. Also proposed are three smaller projects for the club to ensure the pool continues to be operated efficiently and safely. Please come to our budget forum (December 16) and Annual Meeting (January 27) to learn more. We want to hear from you!

Doug is Changing (I must confess!)

It's been a great honor to serve on your HOA for the past 10 years. As I step off the board, my wife Debbie and I believe our lives have been enriched because of the amazing relationships we have shared with many of you. You are more than neighbors – you are special friends! Thank you for entrusting a role of service for me on your HOA. Our hope and prayer is that our next group of leaders will continue the mission, enjoy the journey, and choose to lead this amazing subdivision into its next 50 years!!

Grateful for you!

SHERWOOD LAKE ASSOCIATION PRELIMINARY 2026 BUDGET

Security Update by Jim Cazes

Residents, any note of gratitude starts with you! You are the heart of our neighborhood, Lake Sherwood Acres, with your efforts making our subdivision one of the most crime free in Baton Rouge.

THANKS FOR LOCKING YOUR VEHICLES AND SECURING YOUR PROPERTY.

It is a wonderful time of year. A time to give thanks, especially for the little things. With the Holiday Season upon us once again, the number of packages delivered to your doorstep will increase. Each year we hear and see the stories of "Porch Pirates". (Those thieves who like to help themselves to your packages from your front entrance after being delivered) If possible, have a planter or something near your front door where delivery drivers can leave packages behind them instead of being left in open sight.

I would encourage each of you that do not have a monitored security system to investigate getting one and using it even if you are at home. We have not had a successful robbery attempt to any home that was actively monitored in the past several years.

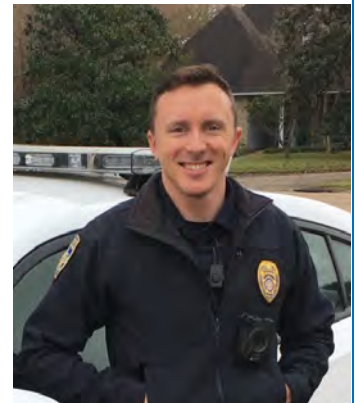

Officer Johnathan Stewart

Officer Kasey Williams

Officer Sheela Reed

Officer TJ Wilkerson

Don't tempt this thief.....Do your part. Lock your stuff and make it difficult for these criminals to succeed in our neighborhood.

LSCA President's Message by Kyle Whitfield

Thank You for an Awesome Pool Season

As the weather turns colder, are you wishing it was pool season again?

*Summer 2025, by all measures, was a successful one at Lake Sherwood Club. I would like to give a huge **THANK YOU** to our lifeguard staff, led by **Maddie Wilson** and **Bonnie Kersch**.*

*Besides the pool, the clubhouse is a popular choice for residents and outside members to host events, and coordinating all of it is no easy task. Another huge **THANK YOU** to **Andrell Ward**, **Heather Jefferson**, and **Rebekah McCorkle** for helping those events come to life.*

Looking to 2026, we're in the initial planning stages of some upgrades to the pool, including a new baby-pool shade sail and some upgraded technology for our pool equipment. We were pleased to see that adding new A/C units in the bathrooms and installing baby-changing stations were popular additions. And we're proud no pool equipment issues forced us to close the pool (knock on wood, y'all)! Our goal is to make the pool and club an area all of you enjoy gathering with friends and family.

*None of this happens without the support of our volunteer club board — **Mike Billings**, **Heather Jefferson**, **Jenna Lemmon**, **Thomas Naquin**, **Bradford Smith**, **Scott Sullivan**, and **Andrell Ward** — and the HOA, led by **Doug Pacas**.*

We will have several openings on our pool board for the upcoming year. If you're interested, we'd love to have your help. Please email whitfield.kyle@gmail.com for more information

Kyle

Pool motor electronics replacement (VFD) by Poolsure	\$6,000
Baby pool shade sail replacement by C Bel Awnings	2\$,075
Total	\$13,366

Description of Preliminary 2026 LSCA Special Projects

Running a commercial pool of LSCA's size means having major equipment running on the most stable setup. It was recommended to us by our third-party pool service vendor that we install a VFD (Variable Frequency Device) to better protect the pool's motor during power surges, save energy and reduce expense by controlling the pump's speed.

Replacing the sand in the pool's filter is a necessary job every few years.

And of course we want our baby pool to be a safe place for little ones to enjoy, so replacing the torn shade sail is also on our list of offseason to-dos.

Breakfast with Santa

Grounds Report by Kayla Pollet

Happy Holidays, Lake Sherwood!

We're excited to share an update on the many improvements made throughout our neighborhood this year. It has been a busy and productive season for beautification efforts across Lake Sherwood Acres!

New Neighborhood Branding & Signage

As many of you know, the community voted to adopt a new logo, and you've likely noticed updated signage appearing over the past few months. Our letterhead, email signature, and memo boards have all been refreshed, and this transition will continue as we work toward completing all updated signage.

New entrance signs for the archways— including the *No Soliciting* signs and the Lake Sherwood Acres identification signs—have been ordered and are expected to be installed by the end of the year or early 2026.

In addition, a new sign for the clubhouse is scheduled for installation in December.

Entrance Repairs & Landscaping Updates

Earlier this fall, the Lake Lawrence entrance on the south side sustained damage when a pickup truck struck the brick structure and memo board. We're pleased to share that the brickwork has been fully repaired, and a replacement memo board is on order.

On the north side, residents may remember the damage to the flower box near the entrance. After inspection, all four flower boxes along Plaza Tower Dr. were found to be structurally unsound. These boxes have now been reinforced and rebuilt, and old tree stumps behind them have been cleared away—creating space for new plantings next year. They are already looking much improved.

Road Maintenance

This year, 27 potholes were reported and repaired. At present, our roads are in good condition.

Volunteer Appreciation

A special thank-you goes to Emily E., who has faithfully maintained and updated our memo boards throughout the year. Thank you, Emily, for your dedication and service to our community!

Halloween Party By Kyle Whitefield

Costumes, Pizza, Candy and Friends: Halloween Party a Hit Again

It seems like every year, kids and adults alike look forward to including the Lake Sherwood clubhouse as a stop on their trick-or-treating route.

Organized again by **April Reaux**, with assists from **Andrell Ward**, **Jenna Lemmon** and **Rebekah McCorkle**, the annual clubhouse Halloween party was a hit again.

We're always looking for feedback on our Halloween events. Some residents have suggested a trick-or-treating map where houses participating would put a sign in their yard, signaling for trick-or-treaters to stop by. Others have suggested a larger, outdoor party where kids can play games, and residents can participate in a trunk-or-treat.

Plenty more ideas and discussion to come!
